EXCEED YOUR VISION

*Epson*  
*Stylus Pro* **9880**

Set new standards in A0+/B0+ colour and black & white printing

Add quality and productivity to in-house production printing up to 44" wide. Enhance performance in proofing, photography and even fine art with Epson UltraChrome™ K3 ink and Vivid Magenta technology.

**Key benefits:**

- The highest quality A0+ (44") 8-colour production printer
- Epson UltraChrome K3 ink with Vivid Magenta for superb colour
- Neutral black & white and perfectly balanced greyscale
- Improved productivity due to high speed and a wide media choice

Produce superb, contract quality colour and black & white with a single printer. See the difference with Epson UltraChrome K3 ink with Vivid Magenta, an 8-colour ink set with three black inks and improved image-processing technology.

Combine outstanding, repeatable, long lasting results with improved productivity. The printer features new printer drivers, a wide media choice and has both the speed to improve throughput and the reliability for overnight printing.

**Ideal for proofing, photography and fine art** – get contract quality results for demanding applications

**Outstanding colour and black & white printing** – achieve superb image quality, high colour stability and maximum tonal gradation

**Advanced 8-colour ink set** – Epson UltraChrome K3 8-colour ink set with Vivid Magenta and three black inks

**Enhanced image processing technology** – extended colour representation of reds and blues

**Photo realistic quality that lasts** – impressive lightfastness for consistent, repeatable quality

**Versatile media handling** – choose from an extensive range of matte, gloss and fine art finishes

**Improved productivity** – fast print speeds and high capacity ink cartridges for overnight printing

**Simple operation** – customise, share and memorise settings with new printer drivers
